

Submit Your Business Guide

For Business Owners

v1.0 · 2026-05-06

How to create a strong listing on buywithbitcoin.com — what to include and how verification works.

Submission Checklist

Before you submit your business, make sure you have:

- Business name (official or trading name)
- Business type (cafe, retailer, service, etc.)
- Full address (required for local search)
- Website or social media (at least one online presence)
- Description of what you sell or offer
- Statement confirming you accept Bitcoin
- Clear photo of your premises or product (if relevant)
- Contact email for verification

What Makes a Strong Listing

Good listings include:

- A clear business description — what you sell, who it's for, what makes you different
- Specific information about what you accept Bitcoin for (all items, specific services, etc.)
- Accurate opening hours and address
- A genuine, specific description rather than generic copy
- At least one way for customers to contact you or find you

Weak listings include:

- "We accept Bitcoin" with no other detail
- Business name only, no description
- Incorrect or vague address
- Copy-pasted generic text that could apply to any business
- No verification contact email

Strong vs Weak Listing Examples

Example	
Weak	Business Name: The Coffee Shop Description: We accept Bitcoin Address: London
Strong	Business Name: The Coffee Shop — Shoreditch Description: Independent specialty coffee shop in Shoreditch. We accept Bitcoin for all drinks and food, dine-in and takeaway. Address: 14 Redchurch Street, London E2 7DJ Opening hours: Mon–Fri 7:30am–6pm, Sat–Sun 9am–5pm

The difference: Specific, credible, useful to a potential customer. A weak listing gives no reason to visit. A strong listing tells someone exactly what to expect.

Verification Process

1. **Submit your listing** at buywithbitcoin.com/submit
2. **Our team checks:** Business name, address, Bitcoin acceptance claim
3. **Verification email** sent to the contact email you provide
4. **You confirm** by replying to the verification email
5. **Listing goes live** — typically within 2–3 business days of verification

Note

We verify that you genuinely accept Bitcoin. We do not list businesses that only claim to accept it without operational capability. Your first Bitcoin payment may be spot-checked.

Tips for Getting Listed Faster

- Double-check your address — incorrect or incomplete addresses delay verification
- Use a business email, not a generic Gmail/Hotmail
- Include your website or social media — makes cross-verification faster
- Be specific in your description — vague submissions may be sent back for revision
- Confirm your verification email promptly

What We Look For in a Listing

Factor	Why it matters
Real, verifiable business	Builds trust with consumers
Specific address	Enables local Bitcoin spending
Clear Bitcoin statement	Reduces customer confusion at till
Detailed description	Helps consumers decide whether to visit
Accurate opening hours	Prevents wasted trips

→ Next Step

Go to buywithbitcoin.com/submit and fill in the listing form with as much specific detail as possible.
